1. Introduction

In 2006, the Swedish Research Council granted 20 million SEK to establish a Centre of Gender Excellence (GEXcel), at the inter-university Institute of Thematic Gender Studies (GI), Linköping University & Örebro University for the period 2007-2011. GEXcel was created as a temporary (5 year), collegium-like excellence centre for Advanced Gender Studies. A core activity of GEXcel was a Visiting Fellowship Programme organised and defined by a number of thematic foci. Two international peer evaluations, organised by the Swedish Research Council, praised its research, publications and ability to attract excellent national and international scholars within the framework of a number of cutting edge research themes.

Against this background, the GEXcel International Collegium for Advanced Transdisciplinary Gender Studies was established on a more permanent basis in 2012. The same year, the Gender Institute expanded to include Karlstad University, and the GEXcel International Collegium is now a three-university research collaboration including Tema Genus and the Division of Gender and Medicine at Linköping University (LiU), the Centre for Feminist Social Studies (CFS) and Gender Studies at Örebro University (ORU), and the Centre for Gender Studies (CGF) at Karlstad University (KaU).

The aims of the GEXcel International Collegium are:

- To become a hub for Nordic, European and international research on transdisciplinary Gender Studies;
- To develop transnational, intersectional and transformative gender research;
- To provide a research infrastructure for both self-funded and funded visiting scholars of excellence;
- To become a meeting place for different generations of excellent gender scholars, and to support promising junior scholars committed to a career in Gender Studies;
- To secure close collaboration between the Collegium and international research training initiatives within the field of Gender Studies;
- To secure closer collaboration between the Collegium and similar Centres internationally;
- To develop a global association of such kindred centres of advanced Gender Studies, provisionally known as the Research International Network of Centres of Advanced Gender Studies (RINGS);
- To provide a long-term base for the book series Routledge Advances in Feminist Studies and Intersectionality.

2012 and 2013 can be characterised as a transition period from the GEXcel Centre of Excellence to the GEXcel International Collegium. During these years the Collegium infrastructure was gradually set up, and the initial two-university Collegium expanded to include the third partner university, Karlstad University. The integration of Karlstad into the initial LiU-ORU cooperation was principally agreed by the Vice Chancellors of all three universities in the beginning of the summer 2013. *The renewed co-operation contract* between LiU and ORU on the Gender Institute and the GEXcel Collegium, integrating KaU into the activities, was signed in September 2013.

The Collegium *Executive Board* was appointed and had its first meeting in September 2012 at ORU. The Board meets twice a year and consecutive meetings have been held in January 2013 (LiU), September 2013 (ORU), January 2014 (KaU), and September 2014 (LiU).

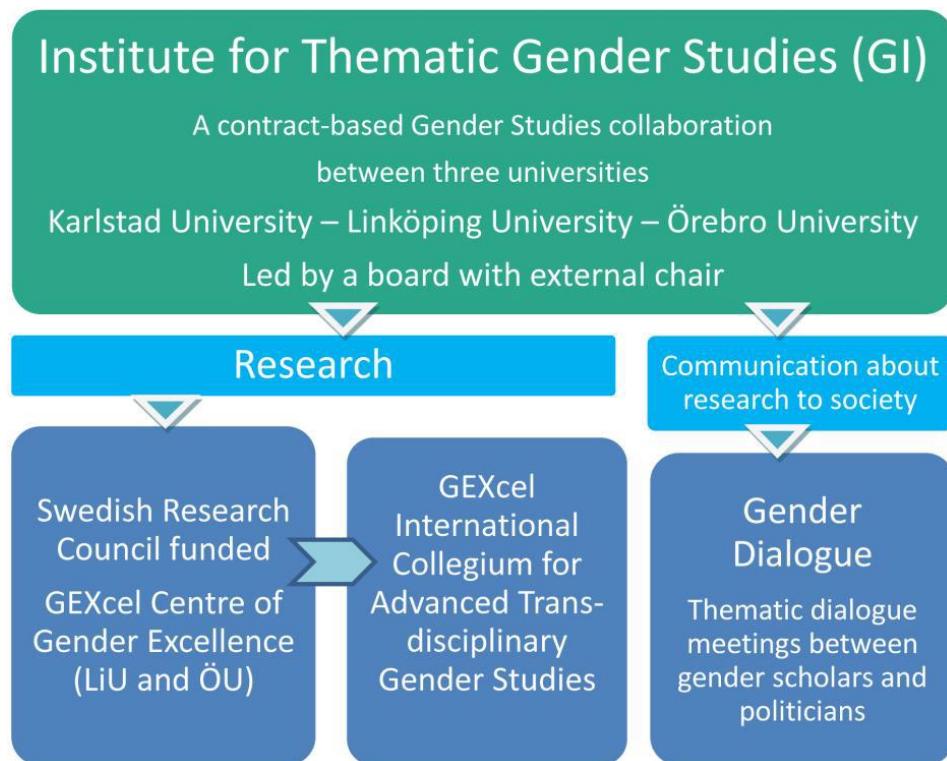

GEXcel Co-directors have been appointed by the Executive Board for one-year periods since 2012 (KaU since 2013). They are: Nina Lykke and Cecilia Åsberg (LiU), Liisa Husu and Anna G. Jónasdóttir (ORU), Ulf Mellström and Marie Nordberg (KaU). With the strategic funding allocated to each partner university by the respective universities (strategiska medel/rektorsmedel) KaU, LiU and ORU have been able to appoint part-time *GEXcel Collegium Coordinators*: They are: Silje Lundgren (LiU); Magnus Åberg (KaU); and Dag Balkmar/Gunnel Karlsson (ORU). The Co-directors have agreed on a division of labour and consult and meet several times each year.

An *International Reference Group* was set up during the spring and summer 2013 and has been complemented with additional experts to strengthen some key competence areas. The tasks of the members of the International Reference Group are to function as a 'sounding board' for ideas on development and future directions of the activities of the GEXcel International Collegium; to serve as ambassadors (e.g. promote and inform about activities) of the GEXcel International Collegium in their respective scholarly communities and countries; to contribute to the peer review process of GEXcel visiting scholars; and to support collaborations with other excellent gender studies centres and collegiums for advanced gender research worldwide.

In return, all members of the International Reference Group have a standing invitation as visiting scholars of GEXcel International Collegium at the universities of Karlstad, Linköping and Örebro, on the same principles as the Self-Funded Visiting Scholars.

Local Advisory Boards at each partner university have also been set up. The Local Advisory Boards help to anchor the activities of the GEXcel International Collegium in the broader local milieus. *Criteria for selecting visiting scholars* have been set up. A *website* has been created (www.gexcel.org) and a graphic profile, including a logo, has been developed.

2. Activities October 2013 – December 2014

Below are listed the activities within GEXcel since the latest report in 2013.

2.1. RINGS network

RINGS, The International Research Association of Institutions of Advanced Gender Studies, connects leading research institutes and centres from Africa, Australia, Europe, and North and Central America and aims to facilitate collaboration and contacts within gender studies across the world. The second and inaugural meeting of RINGS was held in Örebro on 23-24 October 2014. It was attended by representatives of 21 centres from 14 countries, with apologies from 16 further institutions. The participating centres span Africa, Australia, the Caribbean, Europe and North America. The meeting agreed the RINGS constitution. A Transitional Executive Committee (TEC), for the coming one year, was elected, of the following institutions: GEXcel Collegium (Örebro University), Sweden; Zentrum für transdisziplinäre Geschlechterstudien, Humboldt University, Berlin, Germany; Institute for Gender and Development Studies, University of the West Indies, Mona Campus, Jamaica; Department of Women's and Gender Studies, University of the Western Cape, South Africa; Centre for Women's Studies, University of York, UK; EDDA and RIKK, University of Iceland,

Iceland; Graduate Gender Programme/Netherlands Research School, Utrecht University, the Netherlands. The following officers have been agreed for the TEC: Chairperson: Jeff Hearn (Örebro University); Secretary: Gabriele Griffin (York University); Treasurer: Tamara Shefer (University of Western Cape); Membership Secretary: Lann Hornscheidt (Humboldt University). Working groups have been created on: i. Funding; ii. Webpage and Recruitment; iii. 3. Meeting/Conference, with 2 further sub-groups for 2015 and 2016 meetings/conferences. Next meeting will be organised on 5-6 November 2015. Further interest to join the Association has been shown since the meeting by other centres.

2.2. Research activities and events

The research activities of the GEXcel Collegium are organised in a number of overarching *research fields*. These research fields consist of several *research strands*, each with its own chair/s. Several on-going and planned *projects* can be included under one strand. Strands are of two types: either *established strands*, which have funding for and include existing research projects and activities, or *emerging strands* for planned projects and activities grounded in the GEXcel milieu. Six initial research fields were established in spring 2013 and three more have been established during 2014. The nine research fields are:

- Bodily Assemblages and Queer Sexualities (est. 2013, renamed 2014)
- Critical Studies on Men and Masculinities (new 2014)
- Feminist Posthumanities (est. 2013, renamed 2014)
- Feminist Studies and Education (new 2014)
- Gender and Organisations (est. 2013)
- Gender Challenges in Knowledge Production (est. 2013)
- Intersectionality, Culture and Society (est. 2013, renamed 2014)
- Love Studies and Feminism (est. 2013, renamed 2014)
- Politics and Feminism (new 2014)
